Three days of insight and education to help tribal leaders and development personnel secure a brighter future...

DON'T MISS THIS OPPORTUNITY... REGISTER NOW!

“I recently attended your Business Development in Indian Country conference. I was very impressed with the caliber of speakers and the overall content of the program. I was able to network with my peers and gain invaluable knowledge that will assist me in my work to address the socio-economic distress that remains in the Wisconsin Native American communities. I look forward to attending many more of these conferences.”

- Kristine Zich, Small Business Technical Assistance, Great Lakes Inter-Tribal Council, Inc.

“Thank you for producing a top notch event where I was able to not only network with my peers but also gain new insight into tribal economic development and the diversity of businesses in Indian Country.”

- Matt Gregory, Executive Director of Commerce, Choctaw Nation of Oklahoma
