The new building will replace the current temporary structure and will be staffed with two full-time physicians, a pharmacist, and a registered nurse, plus medical support and administrative staff. In addition to Dr. Tammy Mitchell, the

current on-staff physician, Dr. Hernando Guzman, a family practice physician, will join the team this month.

The new facility will be located on the north side of the casino campus, near the Associate Resource Center. The 6,672 sq. ft. permanent facility will provide six patient examination rooms, a full service laboratory and full service pharmacy. Additionally, the new building will feature separate rooms for minor surgical procedures and for immunizations.
